### **1.4 English , Computing & Social Media (Code HI 008)**

This programme is designed to give students the opportunity to apply their English to a wide range of on-line activities. In addition to formal English classes each morning, students will undertake laboratory and studio sessions in the afternoons. The group's creative output will be available on You-tube. For a detailed programme visit [www.helloireland.ie](http://www.helloireland.ie)

Target group	EU and Irish teenagers over 15 years. Non-Irish students should have studied English for at least 3 years and have reached at least Intermediate level.
Date and Duration	Mid July: 2 weeks
Activities and outings (evenings and weekends)	This group will join other Hello Ireland groups for evening and weekend activities and outings.
Accommodation and catering	Full board. Most students stay in Student Apartments. A small number of homestays can be organised on request.
