

Testimonials

I'm Caroline. I come from Brazil. First of all, I'd like to say the opportunity of writing about my experience in the Waterford Academy of Education is a great honour. I not only learnt English, but also the culture and lifestyle of the Irish people. In the classes I had a fantastic time with extrovert classmates and competent teachers. This year I've started to do an undergraduate business course in WIT and I couldn't have done it without WAE. I'm really glad to have had this experience and just wanted to say a big thank you to the Waterford Academy of Education!!!
