

Testimonials

I am Nasreen and I am from Saudi Arabia. I live in Waterford and I like Ireland very much. The weather is wonderful & the nature is so attractive. Irish people are so friendly & kind. I have worked with Waterford Academy as a teacher's assistant for Saudi students because I have a degree in English Language especially in translation. This was a great experience for me. The classes are really good & the teachers are highly qualified and know how to help students to improve their language. I want to thank Dr. Venie and Mr Ken for that chance which meant a lot for me. It was really a good experience and helped me to get a place in a Masters degree in Language teaching at WIT.

Nasreen,
Saudi Arabia
